Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant has proposed amended the term -electronic messages- to now read electronic mail messages. Examiner stated that such an amendment would not overcome the prior 103 rejection. Fields' browser can access servers on the internet to obtain services such as e-mail, bulletin board, chat, file transfer, etc and meets the scope of the claimed limitation. Furthermore, the claim already included such a limitation (electroinc mail messages) in line 3, which was addressed in the previous action. No agreement was reached. .
